23	**24**	**25**	**26**	**27**	**28**	**29**
30	**31**					

DID YOU KNOW?

Montserrat is known for the Soufrière Hills volcano, which erupted in 1995 and rendered half the island uninhabitable. Years later, EPIC documented seabirds nesting directly on the volcanic ash flows, showing how nature finds ways to reclaim the landscape.
